

FEATURED IMAGE

Should Reflect What the Content or Story or Blog Post Is About

Your featured image is the first promise you make.
Make sure it matches the story you tell.

People form an opinion
in **50 milliseconds**.
Your featured image is
part of that first impression.

“A relevant image doesn't just
attract clicks; it sets clear
expectations and builds trust.”

WHY RELEVANCE MATTERS

SETS CLEAR EXPECTATIONS

People know what they'll
learn or get.

BUILDS TRUST

Consistency between
image and content
builds credibility.

IMPROVES CTR

Relevant images get
more clicks in search
and social feeds.

INCREASES ENGAGEMENT

Readers stay longer when
the content matches the
image promise.

BOOSTS SHARES

High relevance makes
your content more
share-worthy.

GOOD MATCH VS. BAD MATCH

GOOD MATCH

- Image aligns with the topic
- Supports the message
- Feels authentic
- Delivers what it promises

BAD MATCH

- Image doesn't match the topic
- Creates confusion
- Feels clickbait
- Breaks trust instantly

“Will this image
help me understand
what this is about?”

If the answer is no,
it's the wrong image.

HOW TO CHOOSE THE RIGHT IMAGE

01

UNDERSTAND YOUR CONTENT
What is the core message or key
takeaway?

02

FIND THE VISUAL EQUIVALENT
What image best represents that
message?

03

KEEP IT CLEAR & FOCUSED
Avoid clutter. One strong visual
beats many distracting elements.

04

STAY AUTHENTIC
Use real, original or high-quality visuals
that feel trustworthy.

05

CHECK HOW IT LOOKS EVERYWHERE
Ensure it looks good on mobile,
desktop and social platforms.
