

THE IDEATION PROCESS

HOW GREAT IDEAS ARE CREATED

1

PREPARATION FEED YOUR MIND

- Research
- Read widely
- Observe trends
- Ask questions
- Gather information

"You can't connect dots you haven't collected."

2

INCUBATION LET IDEAS BREATHE

- Step away from the problem
- Take a walk
- Sleep on it
- Explore unrelated activities

Your subconscious begins connecting the dots.

3

EUREKA MOMENT THE SPARK OF INSIGHT

The unexpected moment when:

- A new connection appears
- A fresh perspective emerges
- A solution suddenly makes sense

The Eureka Moment isn't magic.

It's the result of preparation meeting incubation.

4

EVALUATION & EXECUTION TURN IDEAS INTO REALITY

Ask:

- Is it useful?
- Is it valuable?
- Is it practical?
- Does it solve a problem?

Then:

- Refine
- Test
- Improve
- Publish

“

An idea is a new combination of old elements.”

— JAMES WEBB YOUNG

THE IDEATION FORMULA

+

+

+

=

PREPARATION
Feed your mind.
Gather the dots.

INCUBATION
Let go. Give your
mind space.

EUREKA MOMENT
The spark. The insight.
The new connection.

EXECUTION
Evaluate, refine,
and take action.

INNOVATION
Ideas that create
real impact.

WHAT MOST MARKETERS GET WRONG

Most people focus only on the Eureka Moment.

Great creators focus on the other three stages that make the Eureka Moment possible.

WHY THIS PROCESS MATTERS

More original
ideas

Stronger
solutions

Deeper audience
connection

Better content.
Better results.

*Ideas rarely appear from nowhere.
They emerge when curiosity, knowledge,
and reflection collide.*
